

Job chapters 1-14 discussion questions:

1. Did you realize that Satan had access to the throne of God?
2. God described Job as a righteous man who fears God and shuns evil. How would God describe you to Satan?
3. God is omnipresent, omnipotent, and omniscient. What do those terms mean?

How does Satan compare to God in these characteristics?

3. How do you think you would react if you lost your family plus everything you own?
4. After losing everything, Job did not curse God. Satan came back to God asking to take away Job's health. God allowed it. What would be harder for you to handle - losing your family and wealth or losing your health and being in pain?
5. Were Job's friends helpful? How can we help a friend who is suffering?
6. Has there ever been a time when you were suffering so badly that you wanted to die? What helped you get through that suffering and pain?
