

## Leviticus 8-15

### Lev 8

How is God's precise instruction such as removing fat from sacrificial animals relevant today? (see Lev 8:16)

### Lev 9

Discuss the typology(s) pointing to Jesus (ex: Lev 9:7)

### Lev 11

Was God's rule on which animals could or could not be consumed a way also to protect the future of His chosen people? ( Lev 11:37-38)

### Lev 13

Share how mold, mildew, infectious/contagious disease protocol is similar to modern times.

### Lev 14

Why would God declare He may put (allow) mildew in a house? (Lev 14:33)

### **Reflection:**

How does obedience to God's laws make us healthier? (Lev 15:31) (Ex 19:5-6)

Do our prayers reflect a humble spirit and contrite heart for God's law and His sacrifice for us?

In what ways can we simultaneously teach others about cleanliness and Godliness through the Word?
